PRESS RELEASE ... FOR IMMEDIATE RELEASE

If you have been thinking about a water garden in your yard, come to a RI Wild Plant Society workshop on Saturday, March 7, 2009, in North Kingstown, and learn how to make it happen.

PLANNING A WATER GARDEN FOR YOUR BACKYARD

10:00 am to 12:00 noon

North Kingstown

(directions will be provided when you register)

Leader: BARNEY WEBSTER

Barney Webster was responsible for the enchanting water feature you may have seen at the RI Wild Plant Society exhibit at the RI Flower Show recently. At this workshop, Barney will demonstrate a variety of options for building a simple pond in your own yard. He will show you how to incorporate simple shelves to avoid the rock necklace look. Emphasis will be on using native plants and maintenance-free set-ups, upflow filters and pump cages. Come and be inspired.

Fee: \$5 for RIWPS members; \$7 non-members

Preregistration required 48 hours in advance. Call 789-7497 to register.
