LATE SPRING BLOOMS AT TRUSTOM POND NWR (co-listed with USFWS)

South Kingstown

Sat., MAY 23, 2009 ~ 1-3 pm

(Weather Date: Sun., May 24)

Leaders: DAVE & NANCY CLAYTON, USFWS Volunteer Naturalists

Join naturalists Dave and Nancy for a late spring walk at one of our most beautiful National Wildlife Refuges. We'll be in search of spring wild flowers, such as Wood Betony, Jack-in-the-Pulpit, and maybe some plants we don't see very often. In addition to wildflowers we'll examine at the trees and shrubs of this coastal refuge. This is an easy walk over mostly flat ground. Easy walk.

Fee: \$5 members, \$7 non-members

Pre-registration required 48 hours in advance. Call 789-7497 or email office@riwps.org to register.
